Uplighters:

Manufactured in 275 carbon steel from recycled sources. Other grades of mild steel are also available

Grilles are available in a large range of sizes: 800, 900, 1000, 1200, 1400, 1500, 1800 & 2000mm²
Grilles are also available rectangular, circular and to any bespoke dimension required

Hot Dip Galvanised to BS EN 1461:2009

Grilles and frames are supplied to bolt together using security fixings

ASF can supply tree grilles with irrigation holes and covers in order to give access to the irrigation of the tree root system. Other products relating to irrigation are available on request

Uplighter units can be incorporated into tree grilles to provide an additional feature
