

ASF MaxPave Tree Grille

Finish

Optional Finish

Sizes

Tree Guards

Standard Hot Dip Galvanised. They can also be powder coated in any RAL or BS colour

Can be manufactured in stainless steel with any grade of polish finish

PDF shows the standard 1000mm size, but the MaxPave can be manufactured in any size to suit the paving scheme

Although the MaxPave grille does not usually come with guards, they can be manufactured as bespoke products if required
